BENEFITS OF OUTSOURCING TMS MAINTENANCE

WHY OUTSOURCING?

Many companies are in the process of migrating to TMS systems. What often turns out to be an issue is the usability as keeping the TMS up to date with the right rates, accessorial, etc. This is frequently more complex than foreseen.

Today’s global transportation networks and supply chains are incomparably more complex than they have ever been before.

ControlPay has developed specific solutions to support the day to day management of all TMS.

EFFECTIVELY MANAGE TMS

- Process management
- Process documentation updated
- Communication with carriers
- Managing master data
  - Rate updates
  - Issues handling

OUTSOURCE BENEFITS

- KPI’ driven process with full visibility
- Continuous improvement approach towards rate set-ups via internal global benchmarking
- Lower costs
- No more errors
- On-time availability of rates
- 1 centralized point of contact for global rate maintenance and management
- Freeing up internal staff time

CP can work with: GT Nexus, Oracle OTM, SAP TM, JDA…

A well-managed and thereby efficient TMS set-up can provide valuable insight in shipping practices, that can help you analyze based on specific data. This results in smarter decisions, time and money savings and reduced risk of errors.
